French (basics)

👤 Personal Details

⊕ Objective

Seeking an internship in the Student Life to apply my excellent technical knowledge of various technologies with very good communication skills and enthusiasm to get practical experience

🎓 Education

○ **Shoubra faculty of engineering - benha university**
Computer and communication engineering

💼 Experience

○ **BARQ systems** -
Network security trainee
Feb 2022

Configuration and troubleshooting Juniper routers , switches and firewall

○ **ITI** -
Security trenee
Feb - may 2022. Wenter tranning

Network concepts , malware analysis ,cloud virtualization technologies , python development, ethical hacking.

🎓 Courses

• **JNCIS-SEC**
Juniper
Barq systems

• **JNCIA**
(Routing and swiching) Juniper
Barq systems

• **CNNA**
Cisco(self learning)

• **HCIA security**
Huawei(certified)

• **HCIA CLOUD COMPUTING**
Huawei

Date of Birth	:	23-6-2001
Nationality	:	Egyptian
GitHub	:	github.com/michaelzaref

- **Ethical hacking**
  ITI(platform)

- **HCIA DATACOM**
  (Routing and switching) Huawei

- **Python**
  Self learning

</> Programming Languages

- JavaScript
  PHP
  Python
  Django
  C++
  My sql

⬈ Volunteer Work
